

EMERGENCY BATTERY BACKUP

The emergency battery backup ensures uninterrupted lighting during power outages, delivering 8W or 15W of output for up to 90 minutes. This supports egress lighting, which is required to safely illuminate exit paths such as hallways and stairwells during emergencies.

Model	Input voltage	Input current	Output voltage	Output Power
REC-EMD08	100-347VAC, 50/60Hz	100mA max	170 VDC	8 W
REC-EMD15	100-347VAC, 50/60Hz	100mA max	170 VDC	15 W

Specifications

Test switch with cover included
Built-in lithium-ion battery
Self-testing: monthly/yearly
Battery backup duration: 90 minutes
Recharge time: 24 hours
Meets NEC, IBC, and NFPA 101 Life Safety Code emergency lighting requirements
CEC (CA Title 20) and U.S. DOE energy efficiency compliant
5-year warranty

Finish

● **RD** Red

Note

Other color temperatures, finishes, and voltage options are available but may require minimum order quantities (MOQs) and longer lead times. Please contact your DALI representative for more information.
